
BEHAVIOURAL SCIENCES UNDERGRADUATE JOURNAL

Acknowledgements - Volume 3 - Issue 1

This issue was completed with the dedication of past and present BSUJ executives, authors, editors, reviewers, and mentors. The current Editor would like to give a special thanks to Famira Racy and Dr. Alain Morin for their continued support and mentorship. The guidance which Racy and Morin have offered to our team was pivotal during the full executive member transition in Spring 2019, as well as throughout the review/proofing processes of the most recent articles which, following publication on December 31st, 2020, completed this issue.

Finally, we extend our appreciation to the following contributors (in no particular order):
